

Design The Recarb Hub Logo Competition

INTRODUCTION

- We are looking for student entrants to design a logo for the ARC Research Hub for Carbon Utilisation and Recycling (Recarb Hub).
- The logo design will form the basis of Recarb Hub entire brand and will feature on everything - the website, social media, videos, presentations, conferences, and on merchandise. It's a vitally important aspect of Recarb Hub.

ABOUT RECARB HUB

This Research Hub aims to develop technologies to transform carbon dioxide emissions from our energy and manufacturing sectors into valuable products and create pathways to market to drive industry transformation. This hub aims to achieve this by developing novel electro, thermo, and biochemical methods for converting CO₂ from sectors that cannot easily avoid emissions and a technological pathway for CO₂ recycling. The outcomes of this Hub are likely to be Transformative for industry, the economy, and society in moving the fate of CO₂ from pollutant to feedstock. The benefits to Australia are intended to be the stimulation of a new industry, a skilled workforce for this emerging industry and a contribution to meeting CO₂ reduction targets.

GUIDELINES

- We are looking for something that is clean and sleek.
- There are lots of internet resources on logo design which might assist you.
- The Director and the Manager of Recarb Hub will select the winning designs.
- A graphics designer will create the final versions of the logo based on the winner's design.
- The winning design may require some edits or other amendments as required by the graphics designer.
- Be mindful to not include any image from a third-party source (like Google Images) in your design. Such images might inspire your design, but cannot be copied and used directly into the design.
- Your submission can be in any format you like.
- You can enter as many designs into this form as you'd like.

SUBMISSION

Please submit your piece to <https://www.recarbhub.org/competition> by 28 April 2023..

WINNER

The winners will receive a \$100 gift voucher and a tour to Recarb Hub with 2 friends and a teacher from their school.
